

Covid-19

(Coronavirus)

Steps to follow if you suspect you have been exposed to the COVID-19 virus:

STEP 1

Remain calm and self-isolate immediately.
Inform your lecturer, manager, Head of Department or Dean.

For students at residence, call residential services on 021 959 2569/2766/2108, or call your residence manager.

STEP 2

Call the National Institute for Communicable Diseases (NICD) on 082 883 9920 or 0800 029 999, or visit: www.nicd.ac.za.

Alternatively, call the Tygerberg Hospital Infectious Diseases Unit on 021 938 5229.

STEP 3

Do not present at any medical facility, including the campus clinic.

Doing so may compromise patients and staff at that facility, and could lead to the closure of the facility.
